

# Unit 5

## Unit Opener **Extend** Worksheet F.5.1

**1 Work in pairs.** Read and discuss.

Water is necessary for life. Everybody needs water. How often do you use water each day? What do you use it for? What do other people in your home use water for? In your community?

**2 Read.** Water comes in a lot of different forms. Look at the list. Tick ✓ the things that are water or that have water.

- |                                      |                                   |                                     |                                   |
|--------------------------------------|-----------------------------------|-------------------------------------|-----------------------------------|
| <input type="checkbox"/> 1. ocean    | <input type="checkbox"/> 5. bath  | <input type="checkbox"/> 9. snow    | <input type="checkbox"/> 13. rain |
| <input type="checkbox"/> 2. lemonade | <input type="checkbox"/> 6. book  | <input type="checkbox"/> 10. coffee | <input type="checkbox"/> 14. bed  |
| <input type="checkbox"/> 3. sun      | <input type="checkbox"/> 7. ice   | <input type="checkbox"/> 11. laptop |                                   |
| <input type="checkbox"/> 4. lake     | <input type="checkbox"/> 8. river | <input type="checkbox"/> 12. tea    |                                   |

**3 Work in pairs.** Many cities are near an ocean or a river. Write three cities you know of and name the body (or bodies) of water they are near. Why do you think cities are always built near water? Explain.
